

Application Process

- Viewing the school can be done any day and time that suites you within operating hours except during our lunch and nap times (12h30 - 15h00). Parents enrolled at the school however have access to the school ANY time, including lunch and nap times.

- Although our school is access controlled, you are welcome to come around at any time between 06h30 - 12h00 & 15h00 - 18h00, and one of our friendly staff members will be happy to escort you around the school.

- Our children will always take priority, so if you do decide to pop around at any unarranged time of day, we apologise in advance for a possible delay before attending to you while we get our children settled and ensure that they are adequately supervised before a teacher on duty will take you around. Our welcome remains just as warm, and you can make use of these few moments to take a good look at the interactions happening around you.

- If you arrive during, or directly after any of our mealtimes, our lunch areas will look like we have just participated in a national food fight championship - this is our normal. We encourage our children to be independent individuals, and this includes feeding themselves - messing comes standard in ages 0 - 5 - if you check the packaging carefully, you will find it right there in the small print section 😊

- You are welcome to ask any questions not answered via our website, and also to request a meeting with the Owner or Headmistress in order to discuss any specific requirements or queries you may have.

- Also feel free to come back as many times as you want before deciding to place your child with us - seeing the school at different times of the day will also help you to get a good feel for the overall management and atmosphere, and the manner in which we operate.

- Once you are satisfied that your requirements are met, please take a moment to read through our Rules and Regulations.

- You can then request our Registration Form from zelda4clevercats@gmail.com, complete, and email back to us. We will then contact you to confirm availability and start dates.

- For further assistance, you are welcome to email directly to tana4clevercats@gmail.com, or to contact the following numbers:
